A harbor scene featuring several sailboats of various colors (white, red, blue) and a prominent rocky breakwater in the middle ground. The water is calm, and the sky is overcast with soft, grey clouds. In the background, there are low, hazy hills or mountains. The word "SEAFOOD" is overlaid in large, white, bold, sans-serif capital letters across the center of the image.

FINE BRETON FISHERY

Marie-Luxe acts as the coordinator of a real artisan fish chain, supplying high quality sea products directly and exclusively from small fishing boats around the Breton coasts, Normandy, the Basque Country and the Mediterranean.

At the crossroads of the English Channel and the Atlantic, the Breton landscape offers a multitude of natural and unspoiled sites. Brittany with its water particular rich in food is the only area in Europe to still have a great diversity of products fished by a fleet of small boats. The hazardous, rocky nature of the sea beds supports the growth and the multiplicity of the species available.
