

# CONDIMENTS

Thiercelin benefits from a family tradition for 200 years. An expertise — passed on from father to son for 7 generations — of unique and rare flavors' manufacturer and growers.

Fields' knowledge at the source, manufacturing, processing, selection at the origin, imports and international trade characterize the Maison Thiercelin. Thiercelin ensures quality control and purity of raw materials through its own certified laboratory control since 1901. Lean production is processed into its manufacturer where formulation, cleaning, sorting, sifting, blending and packing of the final product is processed.

Thiercelin devotes itself to natural aromatic plants for food, pharmaceutical and cosmetic use. Saffron as one of its major products amongst all variety of quality peppers, herbs, spices, vanillas, flowers, honeys, cereals, sea weeds, dried fruits, fruit juices and concentrates from tropical to European origin. Thiercelin create also custom recipes and extraction of pharmaceutical and cosmetic uses.

Thiercelin offers directly from the fields a wide range of natural ingredients to demanding markets. Thiercelin realizes direct sales through its distributor network and partners, online store and own concept store in Paris dedicated to end users.

Thiercelin markets through several activities in France, Europe, America and Asia. The family business aims for 2 centuries to reach specific markets such as: firstly, Industries with its division Natural & Healthy Ingredients (serving food industry, pharmaceutical and cosmetic industries), secondly, professional chefs (serving gastronomical restaurants, hotels, catering, pastry and bakery sector) with its division Food Service and finally the end user with its brand Thiercelin 1809 through the store and retailers.

Thiercelin Natural & Healthy ingredients serves the industry of the sweet sector providing genuine vanillas, saffron, spices, aromatics, essence, custom made ingredients formulated in our laboratory, fruits diversified at every states from powder to slices, cut, and concentrates of citrus, European and exotic fruits.

Early 2000, Thiercelin welcomes the 7th generation to join the 200 years old company, which made quality, a company culture and ethic to become the motive principle of the company's reputation.
